

## A Warm Friendly Guy

Well, I've got a reputation for being kind of cold,  
A heartless icy reptilian soul.  
I'm here to represent myself to you,  
Once you get to know me, you will like me, it's true!  
Once you get under my skin, I'm sure you will adore me!  
Beneath this hard and scaly exterior,  
I'm a very warm and friendly guy.  
So won't you come on by!  
Well, I must repeat my request to chill.  
C'mon, relax. I know that we'll  
Get along fine and have ourselves a blast.  
I'm not a predator. I've been miscast.  
Once you get under my skin, I'm sure you will adore me!  
Beneath this hard and scaly exterior,  
I'm a very warm and friendly guy.  
So won't you come on by!  
Ever since that cloudy day when I first came out of my shell,  
Everyone I meet just runs away, though I try my best to sell  
Myself as a warm and friendly guy...  
La la-la, la-la-la la  
Well, don't be afraid of my frigid smile,  
No need to shiver at my frosty style.  
Once you get under my skin,  
By which I mean, of course, get to know the real me.  
Beneath this hard and scaly exterior,  
You're gonna see how nice I really am.  
Underneath it all, I'm just a warm and friendly guy.  
So won't you come on by!
